

REINVENTING EDUCATION FOR A SUSTAINABLE WORLD

conference track

Main Track Themes

- Sustainable Development Curriculum
- Developing Global Collaborative Learning
- Learning for Technology & Entrepreneurship
- Integrating School & Community Sustainable Development Learning

Education is internationally recognized as one of the most important resources for global sustainable development. The United Nations has designated 2005 as the start of the "Decade of Education for Sustainable Development." This Track will explore effective ways to impart useful learning to achieve local and global sustainability.
